

## Synopsys Bridge to Medicare Plan

Effective for terminations from December 1, 2021 onward

### OVERVIEW

Synopsys is pleased to design and sponsor The Bridge to Medicare Plan health care benefit for employees contemplating retirement. This plan provides employees certainty regarding their health care benefit needs between their employment at Synopsys and eligibility for Medicare.

### WHAT IS THE BRIDGE TO MEDICARE PLAN?

The Bridge to Medicare Plan allows employees who terminate employment with the Company at age 59.5 or older who have worked a minimum of seven (7) years at Synopsys to obtain extended health care coverage until the earlier of the date they turn age 65 or become eligible for Medicare. The intent of the plan is to provide employees who wish to retire prior to being Medicare eligible an option for continuous health benefit coverage for themselves and their eligible dependent.

### CAN YOU GIVE ME AN EXAMPLE OF HOW THIS WORKS?

Let's say you are age 60 and after working at Synopsys for 7 years decide that it's time to retire.

- You would elect to continue your Synopsys sponsored health plan coverage under COBRA. COBRA allows you to continue your coverage for up to 18 months post termination. Bridge to Medicare eligibility is contingent upon enrollment under COBRA for the maximum coverage period and must be continuous with no break in coverage
- At the end of the COBRA coverage period you are now age 61.5.
- You can then elect to continue coverage on a Synopsys sponsored medical plan under the Bridge to Medicare Plan. In this scenario, you would elect the coverage for 3.5 years until you are eligible for Medicare coverage at age 65.

### WHAT IF I'M ALREADY 65?

You are already eligible for Medicare therefore the Bridge to Medicare Plan doesn't apply to you.

### WHAT IF I AM ALREADY 65, BUT MY SPOUSE/DOMESTIC PARTNER IS NOT?

Since you are already eligible for Medicare, you are not eligible for the Bridge to Medicare Plan. However, your eligible spouse/domestic partner is eligible for Bridge to Medicare for up to 3 years.

### WHAT HAPPENS TO MY SPOUSE/DOMESTIC PARTNER'S COVERAGE IF I TURN 65 WHILE ON THE BRIDGE TO MEDICARE PLAN?

Your eligible spouse/domestic partner can continue coverage on the Bridge to Medicare Plan for up to 3 years after you become eligible for Medicare.

## WHAT COVERAGE WOULD I HAVE UNDER THE BRIDGE TO MEDICARE PLAN?

The Bridge to Medicare plan provides coverage under the Synopsys Health Savings (HS) Basic Plan and provides for medical coverage only. For additional information visit our benefits website at <https://benefits.synopsys.com/>

## HOW MUCH DOES THIS COST?

Bridge to Medicare premium payments are governed by COBRA rules. The rate structure is based on the group enrolled with the rates available at the time the participant elects the Bridge to Medicare Plan.
